#### REVIEW AVAILABLE PLANS

- 1. Refer to Eligibility Parameters table on page 5.
- 2. Determine plan options
  - Use the Vehicle Classification Guide on pages 6 7 to determine the appropriate vehicle class.
  - On page 4, VSC Plan Summary, using the vehicle's miles at Purchase (odometer reading), determine the Time and Mileage Options available for the customer's vehicle.
- 3. Refer to the Additional Component Coverage table at right for the list of options that require a surcharge.
- 4. Plan costs are available via PCRS+

ADDITIONAL COMPONENT COVERAGE					
COVERED ITEMS	SURCHARGE				
Turbocharger	•				
Supercharger	•				
4WD/AWD	•				
Diesel Engine	•				

Avoid contract and billing errors by applying the proper surcharge(s) at the time of sale.

The administrator reserves the right to correct or modify the customer's contract and debit the dealer for the surcharge or correct the classification. A QualityGuard+Plus VSC goes into effect with the date and mileage reading from the time the customer purchased the vehicle and expires after the time or mileage interval, whichever occurs first. The customer may also cancel the VSC for a fee, subject to certain restrictions. The cancellation fee depends on the state.

QualityGuard+Plus VSCs provide coverage only with respect to mechanical breakdowns that occur during the VSC period in the United States (excluding U.S. territories).

FLORIDA DEALERS: The administrator cannot accept QualityGuard+Plus applications for VSCs sold to owners at retail prices that differ from those published in the current QualityGuard+Plus Florida Retail Rate Guide.

NOTE: If a vehicle is found to be ineligible for any reason, or if an application is found to be ineligible, the administrator will return the application to the dealer. The application will be voided and the dealer will be credited. Dealers will be subject to chargeback for claims associated with those vehicles, regardless of where the claim originates.

The Vehicle Inspection Report (VIR) requirement has been rescinded for vehicles under OEM Powertrain Warranty. The VIR is mandatory for vehicles outside of this warranty.

Qualifications for all vehicles: Dealer expressly acknowledges and agrees that before issuing a VSC contract, it will thoroughly inspect and properly recondition the vehicle as necessary. If applicable, the VIR, WO, VSC Application and Bill of Sale, may be requested in the future to determine repair eligibility.

Coverage begins on vehicle purchase date, and mileage is added to vehicle's current odometer reading.1

Electric or hybrid battery coverage: High voltage battery is excluded from coverage.

### **INELIGIBLE VEHICLES**

- 1. Vehicles either listed as N/A or not listed in the QualityGuard+Plus Protection Plan Vehicle Classification Guide.
- 2. Vehicles with a 12-cylinder engine. Speciallymodified and re-badged vehicles like AMG, RUF, SALEEN.
- 3. Vehicles that have been issued a salvage title (or similar title) for any reason under any state law.
- 4. Vehicles that have been issued a title that indicates the actual mileage is unknown, a true mileage unknown (TMU).
- 5. Vehicles that at any time were determined to be a "total loss" by any insurance company or their adjusters.
- 6. Vehicles with frame/unibody damage.

- 7. Vehicles that have suffered flood damage.
- 8. Vehicles that have had their warranty invalidated for any reason.
- 9. Vehicles modified beyond factory specifications.<sup>2</sup>
- 10. All fuel cell vehicles are expressly excluded from coverage.

Such uses are usually attributed to a for-profit entity, but can also be attributable to a non-profit or government entity. All vehicles being used part-time or full-time for on-demand "ride-sharing" services (e.g. Uber, Lyft) are NOT considered commercial use.

Examples: Vehicles used to generate profit include but are not limited to the following: Rental Cars, Snow Plows, Landscaping Business Vehicles, Taxis, and vehicles owned by a municipality that are used for city maintenance purposes.

Note: Small businesses that lease a personal vehicle(s) in the company name to take advantage of U.S. tax strategies does not in and of itself constitute commercial use. Similarly, vehicles owned or leased by real estate agents or field sales representatives that are used as part of their daily transportation are not considered commercial use.

<sup>1.</sup> Please see page 8 for specific eligibility requirements and coverage on CPO Limited Warranty and CPO Wrap.

<sup>2.</sup> Modification of the vehicle beyond the original factory specifications, including but not limited to: custom or add-on parts, frame, suspension, lift kits, emissions, engine, transmission, exhaust system, fuel system, and/or drive axle modifications.
