## How am I protected?

Your Nissan vehicle's limited warranty is comprehensive. It covers virtually every part in your vehicle and can help prevent you from paying expensive repair bills. There's only one problem — it ends.

A Nissan Security+Plus Extended Protection Plan can help protect you from unexpected repair costs when your factory warranty expires. Plans lock in today's parts pricing, and labor rates, too.

## Guard against the rising cost of repairs

The average age of cars and light trucks currently in operation in the U.S. has increased to 12.6 years!<sup>1</sup> As your vehicle gets older, both the risk and cost of repairs may increase. Our contract terms and options provide you with an unparalleled long-term value.

- Choose a coverage level that best suits you with \$0 or \$100 deductible, per visit.
- Transferable if you sell before your coverage expires; helps enhance resale value.\*
- Wide range of term options available for both new and pre-owned.
- Customer assistance throughout the United States at any Nissan dealer or by calling 800.NISSAN.1.

### DID YOU KNOW?

Over the next 8 years, out-of-pocket vehicle repair costs are expected to rise by 140%.<sup>2</sup>

\*A nominal transfer fee may apply.

## Average repair estimates\*

Protect essential vehicle systems beyond your factory limited warranty — for up to 8 years or 120,000 miles (whichever occurs first).

# Lease Excess Wear & Tear

End your lease on a high note

## Protection for your leased vehicle

Part of the appeal of leasing a vehicle is that you can turn it in when your lease is over, but knowing that there may be unexpected charges at the end of the lease can make it less appealing. Lease Excess Wear & Tear coverage helps protect you against additional costs at the end of your lease and can provide a more worry-free driving experience.

## Protection against

- Chipped paint and scratches
- Chipped windshield or windows
- Damaged wheels
- Exterior dents and dings
- Damaged headlamps, rear lamps, lenses, and fog lights
- Interior stains

# Value Protect

## Coverage for your trade-in

### Trade-in value protection

Even if damage to your vehicle is properly repaired or the accident was through no fault of your own, the potential loss in value can be significant. Protect yourself and your budget from the potentially diminished value of your vehicle with Value Protect.

### Coverage benefits

Provides you the option to trade-in your vehicle to the selling dealer for a credit of the guaranteed repurchase price toward the purchase or lease of another vehicle.

#### Diminished Value Benefit

The calculation of the selling dealer's offer may be affected by the demand for the vehicle and/or the diminished value of the vehicle resulting from a reported accident. In consideration for your payment of the option purchase price, if you reject the selling dealer's offer, the selling dealer agrees to provide you with the option to trade-in your vehicle for the guaranteed repurchase price which may be calculated in consideration of the maximum diminished value benefit and the verified repair amount, where applicable.

#### DID YOU KNOW?

An accident can reduce your vehicle's trade-in value by as much as 20%.<sup>17</sup>
