

Extended Protection Plans

Safeguard your investment

Added peace of mind with valuable protection and benefits

Each year, more and more sophisticated technology is built into vehicles to improve their safety, performance, comfort and value. These same innovations help to increase the vehicle's reliability. However, if something does go wrong, the necessary repairs can be more complex and costly than they were 5 or 10 years ago.

- 0% Consumer Payment Plans available. No credit check — flexible terms.
- Factory-trained technicians and advanced diagnostic equipment.

Extended Protection Plans

How am I protected?

Your Nissan vehicle's limited warranty is comprehensive. It covers virtually every part in your vehicle and can help prevent you from paying expensive repair bills. There's only one problem — it ends.

A Nissan Security+Plus Extended Protection Plan can help protect you from unexpected repair costs when your factory warranty expires. Plans lock in today's parts pricing, and labor rates, too.

Guard against the rising cost of repairs

The average age of cars and light trucks currently in operation in the U.S. has increased to 12.6 years! As your vehicle gets older, both the risk and cost of repairs may increase. Our contract terms and options provide you with an unparalleled long-term value.

- Choose a coverage level that best suits you with \$0 or \$100 deductible, per visit.
- Transferable if you sell before your coverage expires; helps enhance resale value.*
- Wide range of term options available for both new and pre-owned.
- Customer assistance throughout the United States at any Nissan dealer or by calling 800.NISSAN.1.

DID YOU KNOW?
Over the next 8 years, out-of-pocket vehicle repair costs are expected to rise by 140%.¹

*A nominal transfer fee may apply.

Average repair estimates*

Protect essential vehicle systems beyond your factory limited warranty — for up to 8 years or 120,000 miles (whichever occurs first).
